Dave Monnin, representing the Chamber of Commerce, gave an update on the parking for the Community Picnic and asked permission to place temporary stop signs and a crosswalk at the entrance of Golden Gate Park on East Upper Lewisburg-Salem Road. Dor-Ray has given permission for parking in the open field across the street. The Masons will be patrolling the area and the crosswalk.

Members of Council suggested a temporary flashing sign of some sort, Manager Wright was in agreement and also suggested a temporary stop ahead sign to slow traffic before the crosswalk. Manager Wright will take care of the area for the Community Picnic.

Manager Wright gave his report with the following action taken.

Manager Wright requested permission to advertise for bids for the Street Resurfacing Project. He reported that we have approximately \$60,000 appropriated, and stated that he could bring bids back to Council in approximately three weeks for approval.

Motion by Imler, second by Duncan to authorize Manager Wright to advertise for bids for the 2000 Street Resurfacing Project. All yeas, motion carried.

Manager Wright also reported that the Fire Department had applied and received a grant for approximately \$17,417.00, \$16,000 to be used for training and approximately \$600 for patient care. Member Wright commended Chief Nickel and Asst. Manager Sewert for their work on the grant.

Manager Wright reported that he had heard concerns about the Fireworks Display planned for the Community Picnic and wanted to assure Council that he has had meetings with the Police & Fire Departments and all precautions have been taken. He has also met with the Municipality's insurance carrier and they are satisfied with the coverage offered by the Fireworks' Company.

The Rock Street Project is going well. The new water main is installed and the services have been transferred to the new main. The storm sewer will be completed in the next day or so, then they will start tearing up blacktop. Concrete is scheduled for August 8th for the curbs and sidewalks and the project should be completed by mid August.

Manager Wright received correspondence from 5 Rivers Metro Parks and asked if Council would like them to come to Council and give a presentation to support the upcoming levy in November and if Council would be interested in endorsing the levy with a resolution. Consensus was that Council would like to hear the presentation and then decide if they will endorse the levy. Manager Wright will make contact with 5 Rivers Metro Parks and set up a date for them to make a presentation to Council.

Council inquired if the lot on the corner of Western & Hill has been sold. Mr. Monnin stated that it is sold.
