Manager Wright reported the City recently received notice that the contribution to the Montgomery County ED/GE Program for 2003 will be \$13,470, which is considerably less than in previous years. The ED/GE Program has supported sound economic development practices among its member jurisdictions. The ED/GE Program requires those member communities experiencing economic growth to share a portion of that growth with those communities that are less fortunate.

Manager Wright requested Council approval for Dispatching Services for 2003. Discussion followed.

Motion by Garber, seconded by Seagraves to approve the renewal of Dispatching Service Contracts with the present users at a 4% increase for 2003 as presented and recommended by Manager Wright. All yeas, motion carried.

Manager Wright requested Council approval of the terms of the amended Towing Agreement. Manager Wright stated the Police Department will send the new Towing Agreement to all towing companies within a 7½ mile radius of the City of Brookville. If a towing company meets the terms of the Agreement, they may complete and submit the Towing Agreement. Manager Wright reminded those in attendance of the Band Festival that will be held on October 26, 2002, from 5:00 to 10:30 p.m. at the Brookville Football Stadium.

Manager Wright reported the Mayors and Managers Association is assisting member cities in preparing for the time when DP&L rates will not be regulated, and when open natural gas pricing becomes available on a competitive basis. A committee of City Managers, in cooperation with the Miami Valley Cable Council, is developing model ordinances for both electric and natural gas opt out aggregation. Additional information should be available within 30 to 60 days.

Manager Wright reported the existing structure for emergency management in Montgomery and Greene Counties was established in the early 1960's when the county commissions of Montgomery and Greene Counties created the Miami Valley Emergency Management Authority (MVEMA). MVEMA remains the only two county emergency management authority in the State of Ohio, and possibly nationally. Manager Wright stated even though the MVEMA has been successful in years past, it is clear that it no longer can effectively meet today's challenges. Currently there is a proposal to abolish the two-county agency and form two separate agencies. Manager Wright stated additional information will be provided at a later date. Discussion followed.

Manager Wright requested an Executive Session on a Real Estate matter.

Law Director Stephan had no report.
