Citizen Comments: Richard Whitman, who proposes the development of a race track complex east of Brookville in Clay Township, presented some figures and showed maps of proposed area of site. He had some questions that he would like some answers to also. Questions were about possible annexation; zoning if annexed; whether would be able to exceed the legal speed limit on the complex; whether would be in the precinct where liquor was allowed or next to one. He told Council that the complex would employ 65 people year round; 700-800 people during summer and would involve 6,500 people during a two year period to build the total complex which would have Racing Hall of Fame, Corporation Headquarters, motel, restaurants, mono rail and etc; total project to be approximate \$38.5 million. The only discussion was that Brookville officials and Clay Township officials should try to meet together with Whitman and then will try to answer the questions in the next couple weeks.
