

## **Service Spotlight**

### **Fall edition 2019**

**Hard to believe summer has flown by and now the leaves are falling and here we are in the middle of fall!!**

**As usual our Service Department accomplished great things throughout the summer and into the early fall months. Routine maintenance such as mowing, chipping and street repairs were constantly done. Many other recent projects have included:**

- Annual sewer root maintenance control – preventative maintenance was performed on 2,175' of sewer lines
- Removal of four dead trees in Golden Gate Park
- Installation of three new trees as part of the Memorial Tree Program including plaques placed in front of the trees
- Assisted with recent Park Board workday, including prep work of removing nails etc. and the painting of several open-air shelters
- Sycamore Street sewer line repair

**\*Leaf pickup has now begun and will run through Friday, December 6<sup>th</sup> \***
